

September 1, 2023

Hello!

We are excited to meet you on September 10 for our first day of class!

We had a lot of children register for the Level 1 class this year, which is really great! Because there is so much to teach you and we want to have time to do fun things with you while you are learning, I am working on finding a new teacher for your class so that we will have two Level 1 classes instead of putting all of you in the same class. As soon as I find the right person, I will send a note to your parents to let them know who your teacher will be. If I don't have someone ready for our first day, the teachers for class 1SuA have offered to have you join their class until someone is available to lead your class.

There is an assistant for your class! Her name is Marina Dempsey. She is in her first year of college and this is her 9<sup>th</sup> year helping at PREP. She is very happy to be helping you this year as you learn more about Jesus and the many wonderful gifts God gave to us.

Bring your smile and a fun story to share about something you did this summer! We will give you everything else that you need for class.

Enjoy the holiday weekend and see you soon!

God bless,  
Mrs. Russell
