Prep Class 7B:
St. Stanislaus PREP
Lansdale, PA 19446

Dear Students:

I welcome you back to PREP. I look forward to your extra special year and delighted to have you in class. It is truly an exciting time for you as you continue your journey to receive Confirmation. The year is full of exploration and learning about Confirmation and Jesus Christ. The other exciting news is that we will be using new materials this year and cannot wait to share the Good News!

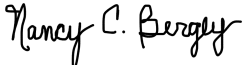

First, I am Mrs. Nancy Bergey and I have been teaching PREP for a number of years and have taught primarily the grade level of Communion or Confirmation. Each year has been a unique experience and very fulfilling. It is you, the student, which keeps it so fulfilling and enjoyable to share my faith and learn at the same time. It is so worthwhile and delighted that you are a part of it and look forward to this year with new lesson books and more activities to expand our spiritual self.

Secondly, my aide is Mrs. Eileen Corrado. Mrs. Corrado has been in the PREP program for a number of years as well. She has been a long-standing parishioner and has helped in many Saint Stanislaus' events. Just like myself, she has primarily taught the Communion and Confirmation grade levels. She, too, is excited to meet each of you and guide you through this year.

The Confirmation year program will be more engaging, more service projects and more enriching. To make this happen, we all need to be active participants. We all will learn and map our faith journey. It is my hope all will participate and get to know our faith better. Let us not be a participant on the sidelines but one engaging in the middle of all action – any suggestions will be welcomed.

Life is always changing and each day we can learn something new – I encourage you to take this Confirmation Year and “Embrace Your Faith and Relationship with God”. Let us pray for each other and those around us.

I look forward to seeing all of you.

Mrs. Nancy C. Bergey
