

Hello PREP Class 4B Students,

I would like to welcome you to another exciting year at PREP. My name is Lori Check and I have been teaching PREP at St. Stans for 23 years. I am eagerly looking forward to helping you to develop a personal relationship with Jesus. Ms. Fitzsimmons will be helping me in the classroom, and she will help with attendance and the Rosary prayers.

This year we will be concentrating on memorizing the 10 Commandments and the 7 Sacraments, as well as Mary and her feast days. We will also be reviewing the Mass and learning some new prayers. I like to use puzzles and games to help you to remember these things that will help you all throughout your life. With your participation, this will not be some boring religion class.

I am looking forward to an awesome year. I want to remind you that when we gather, we are there to learn about God. Please leave any electronic devices or toys at home. They might distract you from enjoying all of the fun that we will be having together.

It will be great getting to know each other and I am looking forward to Wednesday nights.

God bless you,  
Mrs. Lori Check
